Team Members

1. Elaine Franta (Facilitator)
2. Zach Menter
3. Chris Lofgren
4. Nick Pronschinske

Previous Weeks Goals

1. Finish database design and implementation - Nick
2. Continue working on tests for activities - All
3. Resolve API issues
4. Display API data in activities - ALL

Meeting Notes

- Select/Suggest Fragments
- API Tests work
 - Need an API call for each test
- Geocoder issue
 - Resolved currently by reimporting the project
- Database
 - How many activities should we have?
- Start with database calls
- Drop down menu better
 - In future would need a search bar, add own activities, and enter location
- Display activities in a drop down menu
- Want to get Suggest done first
 - By next Thursday
 - Select done by 14th

Next Week's Goals

1. Nick - Work with Chris and get DB calls working
2. Zach - Device current location, location geocoder
3. Elaine - Fix UI Suggest/Select, Get drop down menu set up
4. Chris - Help with DB calls
